

## Attention Qualifiers for the 2020 APTA Men's National Championship

Congratulations! Your Top 5 NRT or Top 9 Grand Prix finish has earned you and your partner a spot to play together in this year's Nationals draw.

### Logistics about Qualification

- 1) Your qualification applies to you and your partner as a team.
- 2) If more than 64 teams qualify, the teams with the highest PTI ratings will have play-in matches the morning of Nationals to get into the 64 draw. The winning teams of those play-in matches continue on into the 64 draw. The losing teams will be entered into the PTI 5+ National Championship, which is being held in Darien the same weekend.
- 3) Please let the APTA know by February 24 if you decide any of the following:
  - A) You won't be participating in Nationals
  - B) You won't be participating with a partner you've qualified with
  - C) You prefer (and are eligible) to play in the PTI 5+ Nationals instead of the 64 draw Nationals.

Have a great holiday season and a wonderful paddle season!
